Linkedin: www.linkedin.com/in/chandana-thota-157006256

Phone: +91 6305604948

Place: Yadadiri, Bhongiri

Career Objective

Motivated B.Tech Computer Science graduate with knowledge of Java, Python, and SQL. Seeking an opportunity to apply my technical skills, learn new technologies, and contribute to the growth of the organization. Committed to continuous learning and professional development.

Skills

Programming languages : Java, Python, C

DataBase : SQL

Course Work: Data Structures, Machine Learning.

Projects

Major project

Title: Grading System For Hand Written Answer Sheets: This project presents a Python-based system for evaluating students' hand written answers using Machine Learning and Natural Language Processing techniques.

Minor Project

Title: LogoShield: Ensemble based logo detection. : "My project is called LogoShield, and it is a counterfeit logo detection system. We use ensemble-based deep learning with three pre-trained models: VGG16, ResNet50, and MobileNetV2.

Education

Bachelor of Technology in Computer Science and Engineering

Talla Padmavathi College of Engineering	7.9 2022-2026
---	---------------

Intermediate – Telangana State Model School and Junior College	9.0 2020-2022
--	---------------

SSC- Telangana State Model School	10 2019-2020
-----------------------------------	--------------

Certifications

- Advance Course and successfully completing the training on Emerging Technologies from SAP and Code Unnati. [Certificate](#)
- Basics of Python – Infosys Springboard (Feb 2025). [Certificate](#)
